

“A genius lives in every child”

XColony

Facts and Future

Luigi S. Damian, M.Sc.,

XColony - New Business Development

Sinaia, Oct 27, 2013

- **The Beginning**
- **The Vision**
- **XColony Positioning**
- **Scientific Research (Computing Systems)**
- **The Future:**
 - Games (4 movies)
 - Educational programs
 - Exotic programs

Beginning & Positioning (I)

XColony
A Spatial Cognition Tool

- **Origami Challenges**
- **Next to Lego, Meccano & Rubik's Cube?**
- **The 21st Century – New Kinds of “craftsman”:**
 - Computer Scientist
 - Quantum Biologist
 - Computational Architect
 - Data Analyst
 - Manager

Points out to XColony

Beginning & Positioning (I)

XColony
A Spatial Cognition Tool

- **Patents**
- **Marketing Companies (Invents.com, NY)**
- **Presentations (Private, Institutional)**
- **Validated by Children and Teachers**

- **A New Language (visual and kinesthetic)**
- **Direct Communications, Brain Level**
- **The Second Artificial Computing System**
- **Activates Spatial Cognition and Vision Centers**

- **Scientists in various research fields recognize XColony concepts:**

“I see some resemblance to synthetic biology, let us discuss it”

“This looks like chemistry”

“Is this a geometrical language?”

“Like biology, this is a natural computing system”

The top of the slide features a dark space background with a large Earth on the left, a crescent moon in the upper center, and a nebula on the right. The text 'Exotic Programs' is written in yellow, and the 'XColony' logo is in the top right corner.

Exotic Programs

XColony
A Spatial Cognition Tool

- **XColony Exhibitions/Shows**
- **XColony Museums (Family Programs)**
- **Architecture (Interior/Urban Design, Playgrounds)**

The Future

XColony
A Spatial Cognition Tool

- **Portfolio of 4 games and growing** (movies)
- **Educational Programs** – potential for collaboration with educational institutions, grants for education
- **Promote Geometrical Learning and Research** (augmenting programs in mathematics, architecture, engineering, robotics, biology, arts)

Movies
